

Covered Employment and Wages Address Verification Project

Part II: City of Sacramento

October 9, 2003

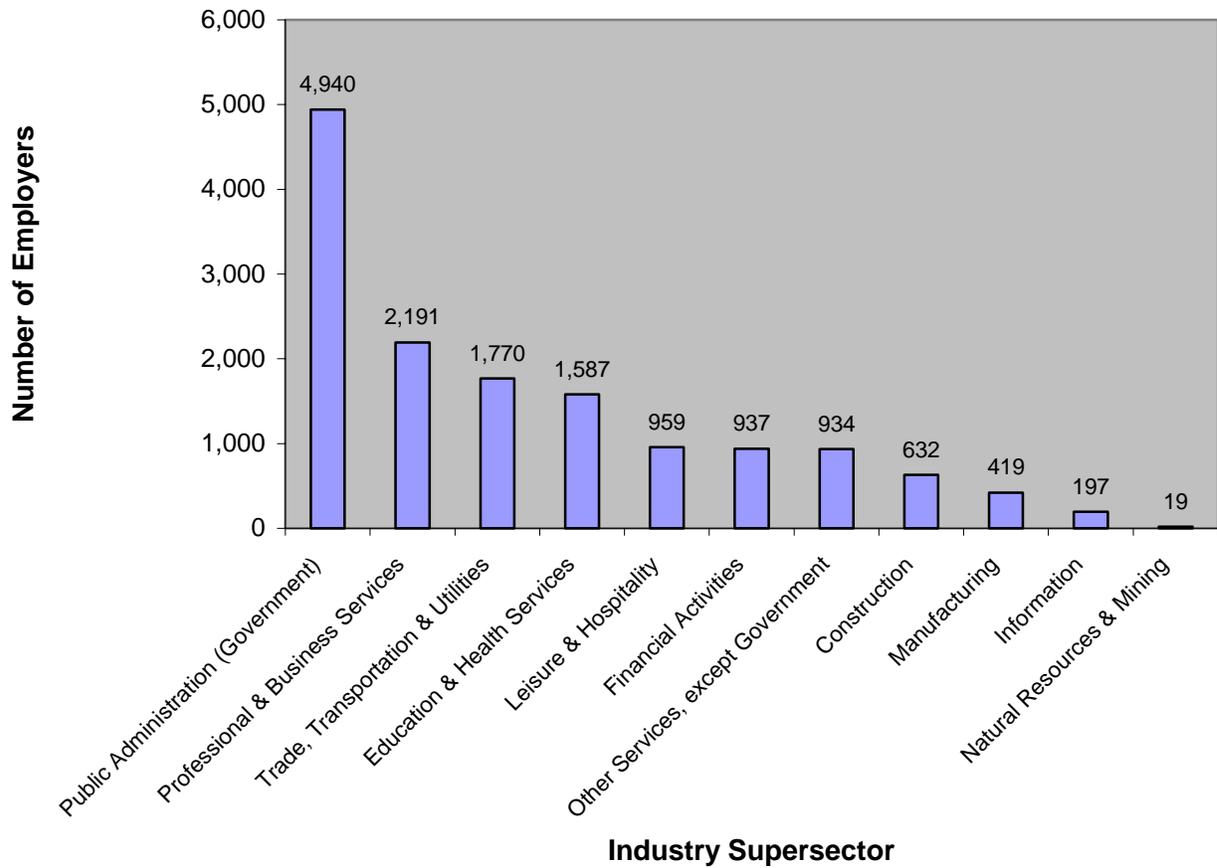

The Labor Market Information Division participated in a special project, funded by the federal Bureau of Labor Statistics' **Covered Employment and Wages (ES-202) Program**, to **verify address information** of employers in Santa Clara and Sacramento counties **and assign geographic codes** (longitude and latitude coordinates) to those employers. The following charts and maps display localized data for the City of Sacramento that are based on the verified address information. Data included in this report are grouped by industry supersector due to data confidentiality requirements.

In December 2002, the four industry supersectors employing the largest number of workers were:

- Public Administration (Government) 30%
- Education and Health Services 18%
- Trade, Transportation and Utilities 14%
- Professional and Business Services 12%

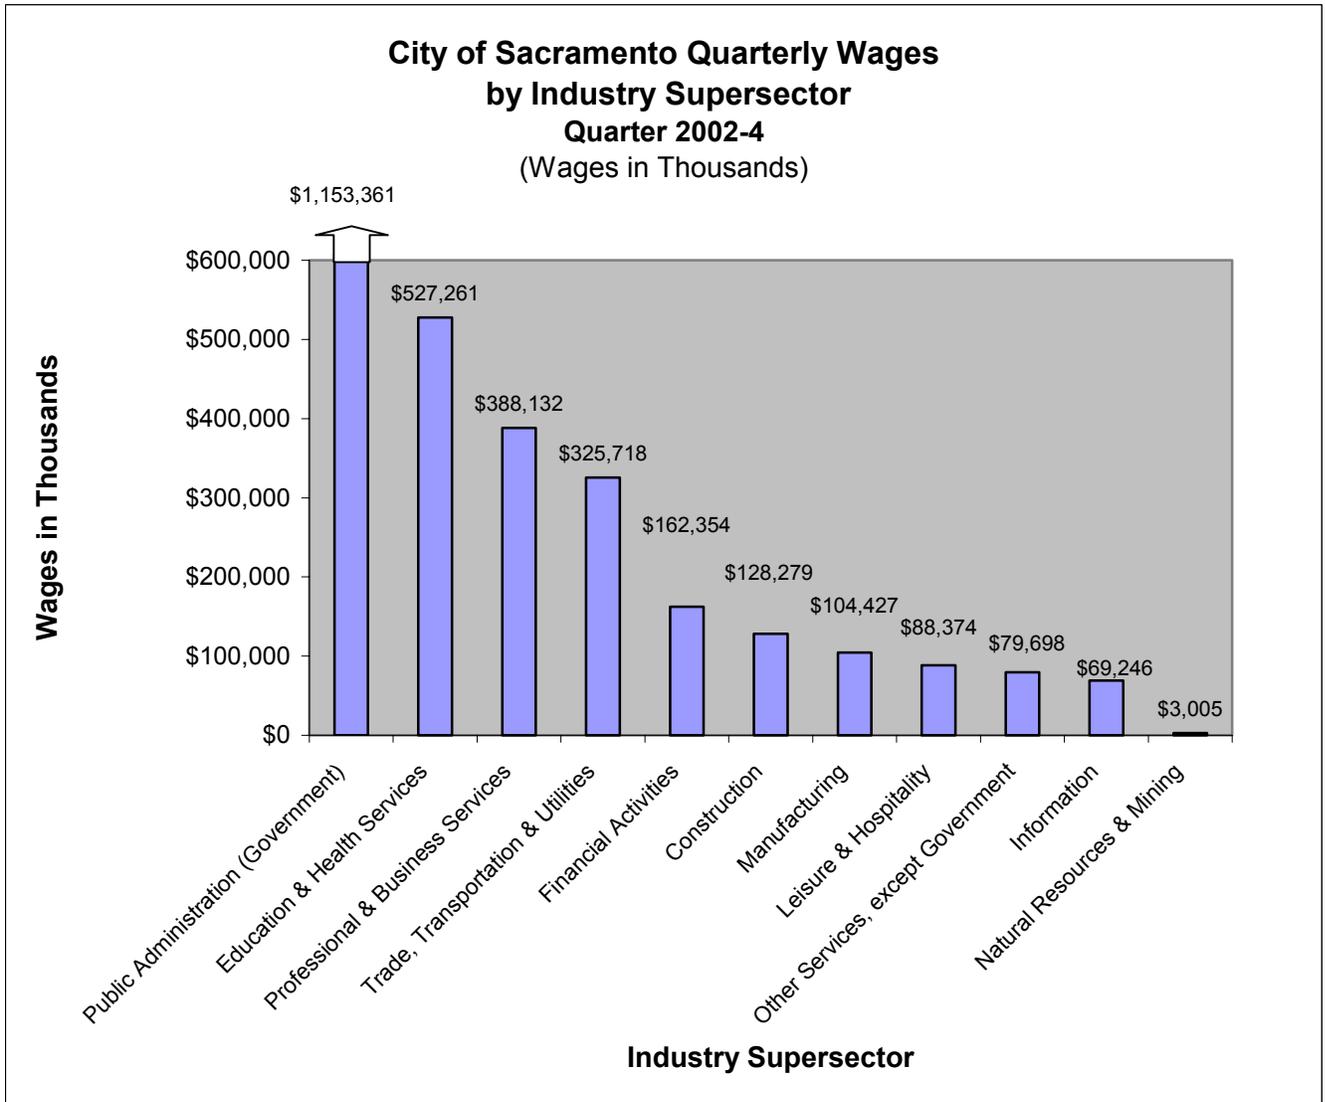

**City of Sacramento Employer Accounts
by Industry Supersector
Quarter 2002-4**

During the fourth quarter of 2002, the four industry supersectors with the highest number of active employer accounts were:

- Public Administration (Government) 34%
- Professional & Business Services 15%
- Trade, Transportation & Utilities 12%
- Education & Health Services 11%

The number of employer accounts indicates the number of individual physical locations for establishments by industry supersector.

During the fourth quarter of 2002, the four industry supersectors with the largest payrolls based on quarterly wages were:

- Public Administration (Government) 38%
- Education and Health Services 17%
- Professional and Business Services 13%
- Trade, Transportation and Utilities 11%

Average wages for Public Administration employees are \$4,867 per month.

Education and Health Services employees represented the next highest payroll with average wages of \$3,700 per month.

Focus on Major Industries

The maps provided on the following pages provide a geographic display of employment and wage information collected for the Covered Employment and Wages (ES-202) Program from employers in key industry super-sectors in the City of Sacramento. The maps are shown in ranges by Census tract. Darker colors indicate larger numbers of employees working in that Census tract. Natural breaks classification was used to determine the ranges, with slight adjustments made for readability. Census tracts within the City of Sacramento in which disclosure criteria are not met are shown in white.

Below is a brief description of those supersectors along with their North American Industry Classification (NAICS) codes.

**Trade,
Transportation
and Utilities**
NAICS Sectors 22,
42, 44, 45,
48, and 49

Utilities (NAICS Sector 22) is comprised of establishments engaged in the provision of the following utility services: electric power, natural gas, steam supply, water supply, and sewage removal.

Wholesale Trade (NAICS Sector 42) is comprised of establishments engaged in wholesaling merchandise, generally without transformation, and rendering services incidental to the sale of merchandise such as outputs of agriculture, mining, manufacturing, and publishing.

Retail Trade (NAICS Sectors 44-45) is comprised of establishments engaged in retailing merchandise, generally without transformation, and rendering services incidental to the sale of merchandise. Retailers are organized to sell merchandise in small quantities to the general public. This sector comprises both store and direct sale (non-store) retailers.

Transportation and Warehousing (NAICS Sectors 48-49) includes industries providing transportation of passengers and cargo, warehousing and storage for goods, scenic and sightseeing transportation, and support activities related to modes of transportation by air, rail, water, road, and pipeline.

Information
NAICS Sector 51

Information (NAICS Sector 51) is comprised of establishments engaged in producing and distributing information and cultural products; providing the means to transmit or distribute these products as well as data or communications; and processing data.

**Education and
Health Services**
NAICS Sectors 61
and 62

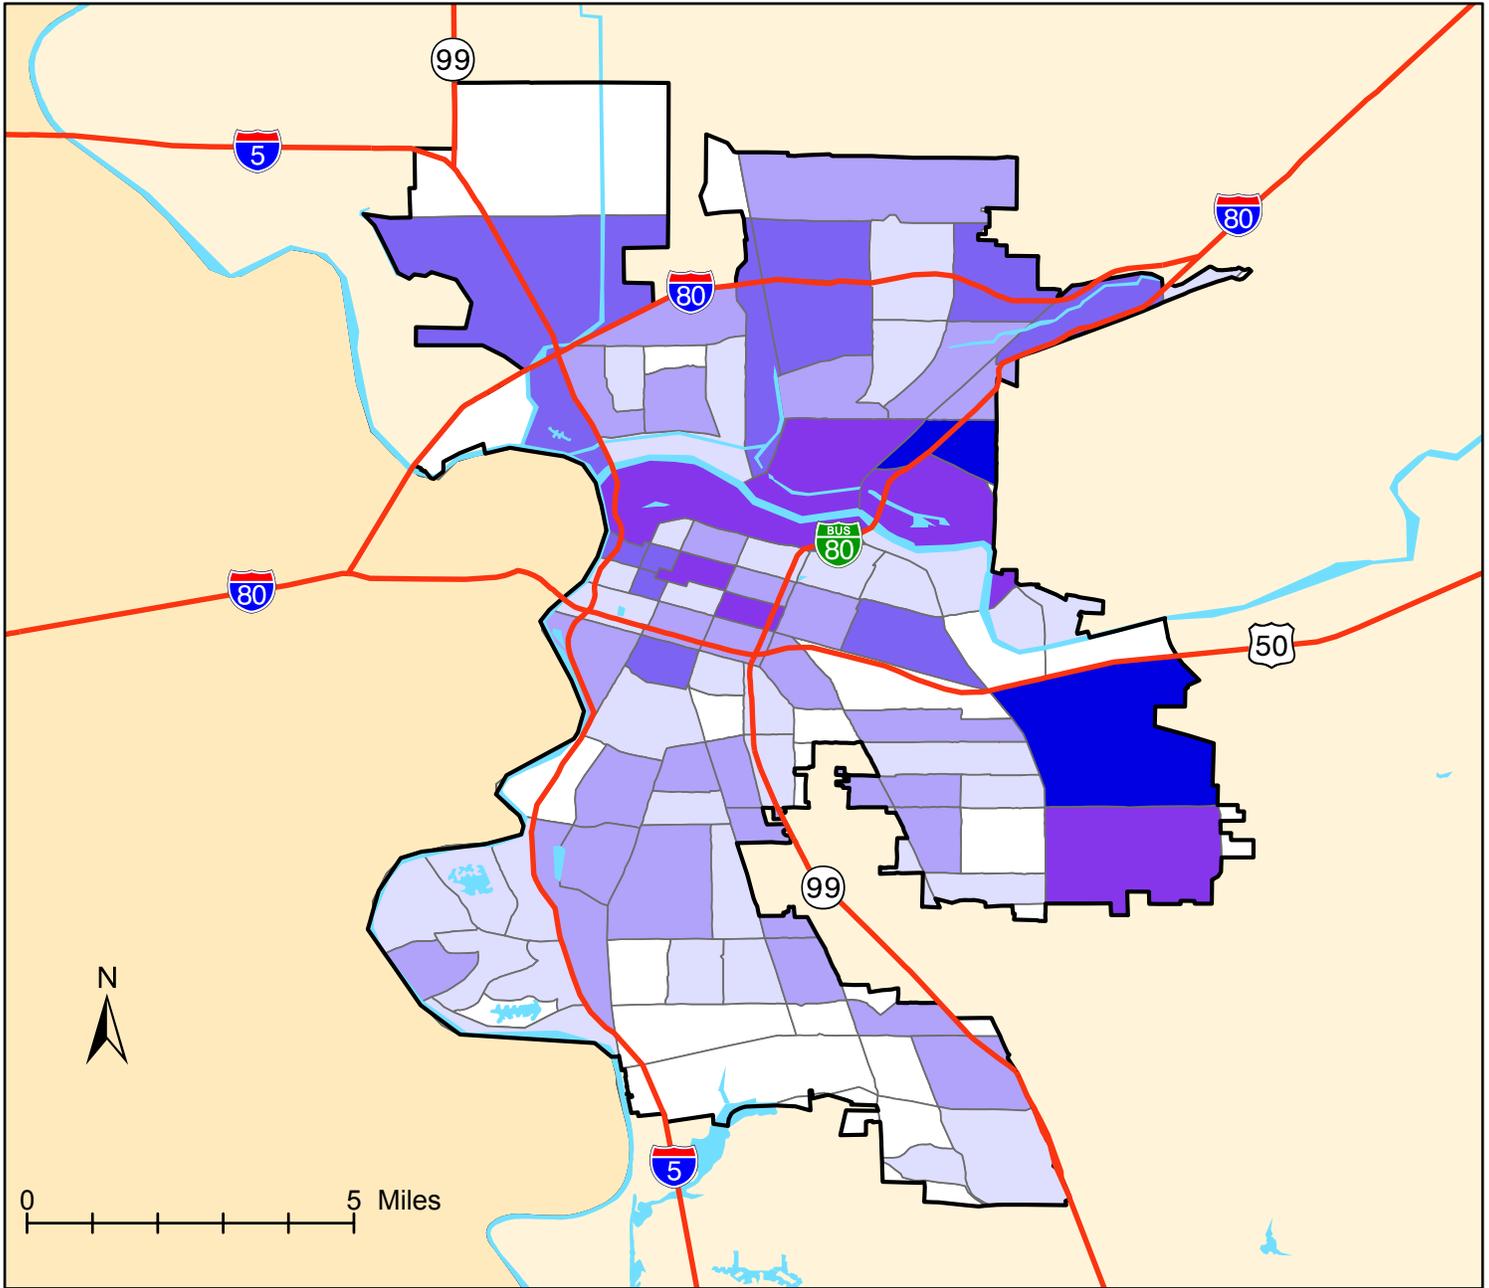

Educational Services (NAICS Sector 61) is comprised of establishments that provide instruction and training provided by specialized establishments, such as schools, colleges, universities, and profit or not for profit, or they may be publicly owned and operated.

Health Care and Social Assistance (NAICS Sector 62) is comprised of establishments providing health care and social assistance by trained health practitioners or social workers with the requisite expertise.

**Public
Administration
(Government)**
NAICS Sector 92

Public Administration (NAICS Sector 92) consists of establishments of federal, state, and local government agencies that administer, oversee, and manage public programs and have executive, legislative, or judicial authority of other institutions within a given area. These agencies also set policy, create laws, adjudicate civil and criminal legal cases, provide for public safety and for national defense.
